MILTON XING DISPUTE
HS 14 Jun 1879

of trespass preferred by Mr. Thomas Scott, butcher, of Barton street east. Mr. Scott said that on Friday night about 10.30 o'clock he saw the boys pass his place close to his barn and light a match under the bridge, which is close by. The boys then went into his yard, and he followed them, when he found one hid in the hay mow and the other under a wagon. He had found in his barn two pairs of pants and a white shirt. Ellis said that he came here from St. Thomas, that he had been seven years in the country, his parents are dead, but he has a rich aunt residing at Onondaga. Scott said he was born in St. Thomas, where his parents died, that he has lived in nearly every part of the United States, and came last from Buffalo. They were to commence hoeing corn on Monday. The Magistrate determined on remanding them until Tuesday to enable the police to test the truthfulness of the stories told, as well as to find out where the clothing came from.

that Mr. Carpenter's position will be fully sustained, and that after the argument his Honor will declare him duly elected. All the talk about a protest has resolved itself into smoke, as it was found no charge could be sustained against Mr. Carpenter or his supporters.
6/14/1879
THAT RAILWAY DISPUTE.

In the Court of Chancery before V. C. Proudfoot the following suits were up:—
HAMILTON AND NORTH-WESTERN V. CREDIT VALLEY.—Mr. Bruce for the plaintiffs, moved for an injunction. Order made that the defendants do restore the plaintiffs' line of railway at Milton, where the defendants placed their crossing, and that the defendants be restrained from crossing the plaintiffs' line at that point until the Chief Engineers of the plaintiffs and defendants shall approve of the proposed crossing, and in case of dispute the matter to be referred to the Chief Engineer of the G. W. R. Mr. Wells appeared for the defendants.

Grain, provisions and ashes nominal.

TOLDO MARKETS.
TOLDO, Ohio, June 14, 1.30 p.
Flour—Receipts, 1,400 barrels; sales, 600 barrels. Market quiet and steady, price unchanged. The quotations are: Superiors, to 4 70; extras, 4 45 to 4 55; fancy, 5 30 to 5 40; spring extra, 4 15 to 4 30; superior, 3 85 to 3 95; Bakers, 4 40 to 4 50; fine, 4 30 to 4 40; middlings, 3 00 to 3 10; Pollards, 2 80 to 2 90; Ontaro, 2 10 to 2 15; city, 2 10 to 2 25; sales, 100 and 300 barrels spring at 2 20; 200 barrels extra at 2 55; 100 barrels fine at 4 70.
Grain, provisions and ashes nominal.

WIVES AS BUSINESS PARTNERS.—One of the old business men of this city feels the necessity of consulting his creditors about his financial position. Mr. J. R. Armstrong, stove founder, is unable to meet paper maturing, indeed requires renewals in full, and has been sued for \$1,000 upon some real estate transaction. With a total liability, largely secured by way of mortgage, of \$50,000, he shows assets in lands, buildings, patterns, etc., of \$125,000, which is very unrealizable. He needs time, but evidently he needs something more, i. e., active capital, and this we are told he is likely to obtain by taking into partnership Mr. W. J. Shaw, late wholesale grocer here. By so doing he is to secure \$20,000 cash, being put into the business, not by Mr. Shaw, oh! dear, no, that would not be correct, he has too recently failed, but by Mr. Shaw's wife, who has not been "unfortunate" in business.—*Monetary Times, Toronto.*

A GRAND TRIP.—People who have time for a genuine holiday trip—not a run of a couple of days, but a decent holiday—should read the proposition in our advertising columns respecting the steamer Celtic. The owners of this steamer have the contract for delivering lighthouse supplies. They will carry passengers to all the principal ports in Lakes Erie, Huron, Superior and Georgian Bay, and as the trip pays them independently of the fares received from passengers, they will not ask much money from the people who want to take advantage of this first-class opportunity to see the thriving lake ports of Ontario. The steamer will be here about the 5th of July, so that those who want a run on the Celtic have plenty of time to get ready.

JUVENILE RUMPU.—Friday George Amor and William Kirk, aged respectively 13 and 14 years, were caught on MacNab street by P. C. McMahon endeavoring to find out by means of their fists which was the best of the two. The boys were, of course, run in, and in explanation of their little fracas this morning they told Mr. Cahill they were "put up" to fight by a man. The Magistrate fined them \$1 each.

COURT OF REVISION.—The Court of Revision for the hearing of appeals against the city assessments will begin its sittings in the City Hall on Monday afternoon. There are nearly 400 appeals. Last year there were about 700, not a few of which were applications to be taxed for income. But as no election is in

NEW BOOKS.—Rhona, by Mrs. Forrester; Claire and Belle, by author of His Heart's Desire; The Ghost of Redbrook, in Odd Tramp Series; Time, the new monthly edited by Edward Yates; Airy Fairy Lillian; Justin McCarthy's History of Our Own Times; etc., are among the recent additions to Lancelotti's Library. Any of these books can be borrowed for ten cents, with regular subscriptions at greatly reduced rates. See advertisement.

FIRST MEETING, N. & N. W. EXECUTIVE COMMITTEE LIST OF MEMBERS

HS 14 Jun 1879

6/14/1879

THE SPECTATOR. HAMILTON, ONT.

THE CROOKED SPIRITS.

Martin McKenna Makes a Confession,

And Implicates Others—Arrest of An Excise Officer.

A few days ago, it was stated in the Spectator that Martin McKenna, late foreman in Birely's vinegar works, who was held to answer a charge of abstracting spirits from the bonded warehouse at the works named, threatened to "peach" unless steps were taken to secure his liberation. All endeavors with that end in view having failed, the case came up for hearing before the Police Magistrate last evening, when Inspector Godson, of the Inland Revenue, who has the matter in hand, announced that McKenna had turned Queen's evidence, on the advice of his counsel, M. Sadleir. Meanwhile the authorities, acting on the information conveyed to them by Mr. McKenna, took out a warrant for the arrest of John Stewart, till lately an excise officer in charge of the warehouse at Birely's factory, which was executed by Detective Macpherson. Stewart is held on a charge of aiding and abetting those who are alleged to have been in the habit of abstracting spirits from the bonded warehouse. Mr. Stewart has hitherto held a most respectable position in society and he has been looked upon as a steady, honest workman. His arrest will therefore be a surprise to his many friends, and it is to be hoped he will be able to clear himself of the serious charge now brought against him. The statement of Mr. McKenna, however, is said to be strong.

Mr. F. A. ROBERTSON appeared for Stewart, and said he was not yet prepared for the preliminary examination. He asked for a postponement.

Mr. OSLER, Q. C. for the Crown, consented to bail being granted, two sureties in \$1,500 each.

The Magistrate fixed the amount of bail at the sum named, and later in the evening, accused was liberated on bail till Tuesday next at 11 a. m., when the preliminary investigation will be proceeded with.

Mr. SADLEIR, in the case of McKenna, who had been committed for trial, said he waived the further examination of witnesses and applied to have his client admitted to bail.

His Worsnip fixed the bail at \$1,000 for the accused and two sureties in \$500 each. These were subsequently forthcoming, and McKenna secured his liberty.

It is understood that McKenna's confession seriously compromises several citizens of Hamilton.

W. F. COLLEGE.

Alumni Reception Last Night.

The Alumni Association, which consists of the graduates of the Institution, has been very efficient since its organization in 1868 in introducing famous lecturers to Hamilton, in fostering very actively the various interests of the College, and last, though not least, in cultivating the social element by its delightful annual reception. A very brilliant assemblage filled the halls last evening, consisting not only of friends from Hamilton circles but numbering many scores of delighted visitors from a distance. As a variety amid the hum of conversation and the pro-

RAILROAD NOTES.

The first meeting of the Executive Committee for management of the H. & N. W. R. and Northern Railways under the agreement for the joint workings of the lines, was held in Toronto on Thursday. The following gentlemen composed the Committee: From H. & N. W. Board—John Stuart, President; Edward Gurney, Vice-President; John Proctor and Wm. Hendrie. From Northern Railway Board—Hon. Frank Smith, President; Wm. Thompson, Vice President; Noah Barnhardt and Major Greig.

The Railroad Committee of the New York State Assembly have decided that the books of the New York Central Railroad relating to charging special rates to certain individuals must be produced before them.

Westinghouse, of air brake fame, is experimenting with a new system of lighting railroad coaches. It consists in the employment of a highly volatile hydro-carbon oil, combined with sufficient air (supplied from the air-brake machinery) to insure complete combustion. The oil is carried in a suitable reservoir beneath the carriage, which is connected by a pipe at the one end with the source of the air supply, while at the other end another pipe leads off the gas formed to the lamps upon the carriages.

The route said to have been decided upon for the Grand Trunk Railroad connection with Chicago extends from Chicago to Thornton, 21 miles; Thornton to Valparaiso, 20 miles; Valparaiso to Lansing, 161 miles; Lansing to Flint, 47 miles; Flint to Port Huron, 68 miles—a total of 324 miles. The company is already in control of most of this route.

All the woodwork, except the floor and ties, of the Great Western Suspension Bridge, at Niagara Falls, will be replaced with steel. A contract has been made with the Pittsburgh Bridge Company to do the job for \$60,000, to be completed by the 1st of November. The change will lessen the weight of the structure about 300 tons, or the weight of a railway train, and will add to its beauty. The work will be done without interfering with the running of trains.

The Railway Committee of the New York State Assembly met yesterday, but no business of importance was transacted.

MARINE NEWS.

PORT DALHOUSIE, June 13.—Vessels passed since last report: Up—Schooners Mary Copley, from Oswego to Chicago, coal; Coesack, from Charlotte to Oswego, coal; Bismarck, from Kingston to Duluth, light; J. H. Brock, from Kingston to Minising, light; H. Folger, from Kingston to Grand Island, light; Norway, from Kingston to Sault Ste. Marie, light; Oriental, from Kingston to Sault Ste. Marie, light; Hoboken, from Sodus to Chicago, coal; John J. Matt, from Oswego to Chicago, coal; Siberia, from Kingston to Grand Manitoulin, light; Charlotte Roal, from Oswego to Grand Haven, coal; Propellers Haze, from Ogdensburg to Detroit, light; Dominion, from Montreal to St. Catharines, light. Down—Schooners Antelope, from Chicago to Kingston, corn; Nassau, from Chicago to Kingston, corn; J. O. Woodruff, from Black River to Toronto, coal; Flora Carveth, from Black River to Toronto, coal. Wind, north, light, clear and cool.

DETROIT, June 8.—Passed since last report: Down—Steam barges Y. Swain and Consort, S. Chamberlin and Consort; schooners Columbia, Escanaba, Niagara, S. L. Watson, Eliza, Gerlach, W. H. Rounds. Up—Propellers Potomac, Conistoga and Consort.

PORT COLBORNE, June 13.—Passed since

THE GENERAL ASSEMBLY.

OTTAWA, June 14.—At the Assembly, yesterday, Rev. Dr. Cochrane presented the report of the Brantford Ladies' College. It showed that during the year, eighty-four young ladies had been in attendance and that seven members of the senior class had finished their curriculum and would graduate next week, making the entire number of graduates sixty-five. The report spoke encouragingly of the prospects of the college.

A memorial from the Presbytery of Stratford, complaining of certain penal clauses of the Act relating to the registration of deaths, was read. It also appeared that the Synods of Toronto and Kingston, and Hamilton and London had dealt with the question.

After some discussion, the following resolution was passed:—Moved by Rev. Dr. Oaven, seconded by Rev. Dr. Jenkins, "that the General Assembly approves of the action taken by the Synods of Hamilton and London, and of Toronto and Kingston respecting the part of the Registration Act relating to burials, and desires to support by this expression of its opinion the action which will yet be taken in accordance with the resolution of the Synod."

Rev. J. Laing, of Dundas, presented a report left over from last session on the subject of the ordination and reception of Roman Catholic priests joining the Presbyterian Church. No action was taken.

CONGREGATIONALISM.

Its Definition by a Hamilton Pastor.

At the meeting of the Congregational Union in Kingston, Rev. Joseph Griffiths, of Hamilton, spoke on "Congregationalism as a spiritual force." What is Congregationalism? We do not always define it in the same way, but we are not peculiar in this respect. Our Presbyterian and Episcopalian brethren do not define their peculiar views in the same way. Congregationalism, by emphasizing the sole authority of the Word of God, brought man face to face with his Maker, and makes him realize his direct responsibility to God. Congregationalism lays emphasis on the central saving truths of Christianity. There are times in our experience when we only cling to this:—Man a sinner; Christ a great Saviour. We sometimes try to believe too much, and believe nothing. Our catholicity is an element of force. A Presbyterian, Baptist, Episcopalian is a Christian, plus something. A Congregationalist is a Christian, plus nothing. A Congregational church is simply a body of believers in Christ, with a fellowship for all who love and obey Him.

N. P. CHIPS.

A new automatic cut-off engine, of 35 horse power, and boiler for same were shipped today by the G. W. R. to Toronto for the Toronto Iron Bridge Company for their new works. A large punching and shearing machine, believed to be the largest ever made in Canada, is now being completed here for the same works. The engine and boiler are Killie's build, and the machine is being manufactured by the Hamilton Tool Works. The company operating in Toronto is composed of members of the Canton Bridge Company, of Canton, Ohio, they having opened a branch in Canada through the operation of the National Policy.

The new engine is now in place in the foundry of E. & C. Gurney & Co. here. It is expected that work will commence again on Monday. The engine, is 65-horse power, replacing a 30-horse power one. It is one of Killie's with the latest improvements. This firm has put up nearly 500-horse power of en-

RAILROAD NOTES.

Traffic of the G. W. R. for the week ending June 6, 1879:

Passengers	\$28,093 61
Freight and live stock	39,608 61
Mails and sundries	2,619 99

Corresponding week of last year	\$71,221 81
	79,640 99

Decrease \$8,419 10

The Great Western Railroad of Canada has established a direct passenger line to Chicago via the Detroit, Grand Haven & Milwaukee (Detroit & Milwaukee) to Grand Haven, and thence via the Goodrich line of steamers to Chicago.

NASHVILLE, Tenn., June 14.—In the United States Circuit Court yesterday Judge Baxter dismissed the petition for \$50,000 damages alleged to have been sustained by Conductor Hastings having been knocked from a train on the Nashville division of the St. Louis & Southwestern Railway and killed, on the ground that there is no law requiring railroads to erect bridges at any specified height, and that deceased had gone over the road often enough to be aware of the danger.

New York, June 14.—An oil train on the New York Central Railroad, near Bound Brook, yesterday, was thrown from the track by striking a cow. The oil took fire and a thousand gallons were burned.

WASHINGTON, June 14.—In the House today the joint resolution reported from the Committee on Commerce was passed, authorizing the Secretary of War to convene a board of engineers to inquire whether, for railroad purposes, the Detroit river can be bridged or tunneled near Detroit.

BUSINESS MATTERS.

McGibbon & Baird, retail grocers in an extensive way of business, are in financial difficulties. Their liabilities will probably reach \$60,000, but as their last year's balance sheet showed a surplus of assets over the liabilities, there is not likely to be much loss to the creditors.

WEATHER.

WASHINGTON, June 14.—Indications: Low, or lakes, warmer and cloudy.

MARINE NEWS.

NEW YORK, June 14.—Arrived—Rheola from Cardiff.

DEATH IN THE BALLOON.—A warning concerning the use of balloons, toys, etc., especially those peddled on the street, is thus given by the *Journal des Connaissances Médicales*: "Many of the most virulent diseases of the blood have lately been found to be communicated by this means, as each of these toys must pass through the mouths of three or four workmen before it is finished, and each is usually tried by the vendor while making the sale. Skin diseases which have lately spread among the children in Paris and London were propagated by these toys. Mother should be on their guard to see that they are thoroughly cleansed before use."

MONETARY & COMMERCIAL

HAMILTON RETAIL MARKETS.

SATURDAY, JUNE 14

Ottawa, July 4.—There will be a meeting of the Directors of the Canada & Atlantic Railway and Bridge Company here on the 10th inst., under the presidency of the Hon. Governor of Ontario, as chairman of the Board.

7/5/1879

During the evening Mrs. Robert, the talented leader of the church, sang a number of sacred songs in a manner that delighted all her hearers. The tainment passed off in a most enjoyable manner. The congregation of the Tabernacle congratulated on having Mr. Scott as their pastor for three years. He is known as a most popular preacher in the places where he has been stationed. The rev. gentleman will occupy his morning and evening to-morrow.

THE BRITISH CROPS.
What, Corn and Hay Ruined by the Heavy Hains—Storms all over the British Islands—The "Times" on the Situation—America and Russia Must Feed Europe.

A special dispatch, dated London, July 22nd, says:—The weather for the past three days has been exceedingly boisterous all over these Islands. Heavy rain commenced to fall late on Saturday and was followed by a short interval of clear weather. On Sunday morning a heavy gale began to blow and torrents of rain fell throughout the Midland counties. The weather to-day has been gloomy and depressing in London, and a damp fog overlies the city. An evening paper says "the weather seems hopelessly lost, and the most sanguine have now given up all expectation of a pleasant summer." Last night's storm greatly damaged fruit trees, crops and cut hay, and a great quantity of the latter is floating about the fields, which are flooded in a terrible manner. There is little hope that any of it will be saved, because it is rotting rapidly.

FLOODS IN THE NORTH.
At Belfast the streets are deeply flooded, and the low lying districts in Down and Antrim counties are under water, causing much destruction of property. The reports from Sheffield state that one of the severest storms ever experienced swept the town on Saturday and Sunday. Torrents of rain fell, swelling the rivers and damaging the low lying country in Yorkshire and Derbyshire. The crops have been ruined by the storm and the agricultural outlook is everywhere very serious.

ALL HOPE OF THE CROPS GONE.
The "Times" financial article says: "It was hoped that we were about to emerge from one of the wettest and dreariest seasons on record. The stock market opened on Saturday with a better tone, there being some sunshine in the early hours. Toward midday, however, rain began to fall again very heavily, and there was a return of the dullness which especially characterized the English railway market throughout the week. As the returns of wheat, hay and potatoes seem small there is no doubt now but that the excessive rain and the absence of sunshine has done much damage, and the only hope now is that the deficiency may be minimized even yet by a little seasonable weather.

THE EUROPEAN CROP SITUATION.
The prevailing opinion both in France and Germany is that the wheat crop will be

thing lower than our quotations, and a firm market is looked for.

GROCERIES.—Business active. Large quantities of sugar selling at an advance of a quarter of a cent over last week's prices. Market strong.

HARDWARE.—No change to note in trade or prices.

BOOTS AND SHOES.—Business is dull, as usual at this season. The factories are, however, running full force all full time, and the expectation is that a large fall trade will be done.

DRY GOODS.—Business is improving very much and there is now little doubt that a splendid fall trade will be done.

READY-MADE CLOTHING.—Business is increasing rapidly. Orders from all sections are good, as are also remittances.

WOOL.—Wools quiet. Canada combing fleeces in Boston, 37c to 40c; Canada clothing fleeces, 25c to 28c.
