## SCARBORO' COUNCIL.

The above Council met at the Woburn hotel, on Monday, Feb. 1871. Members all present. Reeve in the chair. Minutes of previous meeting read and confirmed.

Communications were received from Blake, Kerr & Bethune, re School Section No. 7.

From R. A. Harrison, Solicitor, relative to townline between Scarboro' and York.

From August Shoemaker, recommended by the Rev. Mr. Lundy, Tilsonburg, asking to adopt the child of the corporation.

An account from Ira Bates, for plank for culvert, amounting to \$1.29, was ordered to be paid.

Mr. Palmer, seconded by Mr. McCowan, moved that the Treasurer's account for the year 1870, as reported by the auditors be adopted, and that the Clerk be and is hereby authorized to get the same, together with the minutes, published in the usual form as cheaply as possible forthwith, that the number be 550, and that they be distributed equally to the members of the Council for distribution.

Mr. Miller introduced a by-law to amend the by-law to appoint a License Inspector, by striking out the name of Edmund R. Jacques, and inserting that of ——— instead.

The Council went into committee of the whole thereon, Mr. Palmer in the chair. Committee rose and reported by-law amended by inserting the name of Jas. Ormerod which was read three several times and passed.

The following applications were received for the office of Assessor: Robt. Crawford, no salary stated; Robert Davidson, \$55; John Law, \$60; Stephen Closson, \$80.

Mr. Miller introduced by-law No —, for the appointing of township officers for the current year, which was adopted.

his soul, has endeavored to relieve himself by pouring out his gall upon those who deservedly occupy the esteem and confidence of the intelligent portion of the community.

Yours truly,

L. D. CLOSSON, Coroner.

Woburn, Feb. 9, 1871.

## TORONTO AND NIPISSING RAILROAD.

To the Editor of the Economist.

Sir,—On the evening of the 30th ult., the track on this line was laid as far as Stouffville. The citizens of this flourishing village and the surrounding country, celebrated the event by presenting the employees of the road with an oyster supper, held at the station house. The men were well pleased with the entertainment, and manifested their high appreciation of their reception by the hearty manner in which they partook of the refreshments provided for them. After supper the party was conveyed by cabs, which were in waiting, to the "American Hotel," where speeches were made and toasts drank in honor of the occasion. Great credit is due to the committee of management, Messrs. G. H. Ughurst, E. Wheeler, jr., S. Patterson, and Thos. VanBureck, who deserve special mention for the manner in which they conducted the management. The Stouffville band kindly rendered their service on the occasion, which greatly added to the pleasure of the company.

Stouffville, Feb. 7, 1871.

## DREADFUL RAILWAY ACCIDENT.

COLLISION WITH A COAL OIL TRAIN—SLEEPING CAR IN FLAMES—20 PASSENGERS BURNED TO DEATH.

The Hudson River Pacific train left New York at 8 o'clock, on Tuesday evening the 7th inst. The train reached New Hamburg about 10. As it approached that place, a freight train was observed moving towards it at the usual speed, but when the trains were within half a mile of each other, the axle on the oil car of the freight train broke. Several of the cars were thrown across the track upon which the express train was moving at a speed of 40 miles an hour, and in an instant the oil ignited and enveloped the entire freight train in flames. The express train dashed into the broken burning mass. The engine, baggage car and sleeping car, were thrown over the bridge on the ice, a distance of about six feet.—As they fell, an oil car toppled over them. The oil inundating the sleeping car, immediately ignited, and in a moment the car was completely enveloped; the other cars took fire also. Before any movement could be made towards assisting the passengers (about 20) in the first sleeping car it was a solid mass of flames.

**TEMPERANCE RE-UNION.**—The Unionville Lodge of Good Templars will hold their annual re-union at Crosby's Hall, Unionville, on Tuesday the 14th inst. The entertainment will consist of readings, recitations, dialogues, and speeches, to which is added an excellent musical entertainment, conducted by Prof. Collins, and assisted by some of his best pupils. The very efficient committee are using every exertion to make it the entertainment of the season. Should the weather prove favorable the hall will doubtless be crowded. Admission only 15 cts; Children 10 cts. See advertisement.

**S. S. CONVENTION.**—The Township Sabbath School Convention opens to-day at the Methodist Church in this village, and the various sabbath schools in the municipality are generally represented. These Conventions are having the very laudable effect of uniting the various sects, and forming a common brotherhood for the dissemination of the Christian doctrine, irrespective of sect or creed. The services are of a very interesting character, and will continue to-day and to-morrow.

**DENTISTRY.**—Mr. S. Musselman, of

Council should not adopt the report. If the committee proposed were appointed their report was a foregone conclusion, and that was in favor of the removal of the toll-gate.

Mr. Boyle could see no use in appointing a committee until they had some evidence that the city council were prepared to come nearer the views of this council than they did last year.

Mr. Robinson thought it was only fair to grant the committee. If some settlement was not made the city council would build a parallel road to connect with their bridge over the Don.

After some further discussion the motion was put and carried; yeas, 14; nays, 12.

Mr. Stevenson introduced a by-law for the appointment of auditors. The by-law was read a first and second time, and in committee John Lane and W. H. Norris were appointed auditors. The by-law was reported, read a third time and passed.

Mr. Stevenson gave notice that he would to-morrow move to introduce a by-law appointing a county solicitor.

The Council then adjourned.

WEDNESDAY, Feb. 1.

The Warden took the chair at 10 30.

Communication received from Henry Lemon, Thornhill, in reference to damages sustained by him by a cutting on the road.

From W. H. Norris and R. H. Smith, asking for the same remuneration that was paid their predecessors.

From R. Graham, giving medical expenses of the County Board of York for 1870.

Mr. Munzie moved, seconded by Mr. Lane, that the special committee appointed by this Council for the purpose of communicating with the Legislature concerning the line known as the Indian or 36 mile line be and are hereby required and instructed to prepare a petition forthwith to the Legislature, setting forth the injustice of the Bill proposed, and if possible to gain delay in order to enable persons on the York side of the said line to produce evidence in their own defence. Carried.

The report of the commissioners on county property was presented by Mr. J. D. Phillips, and read. It set forth in detail the improvements and repairs that had been made during 1870 in county property.

The Council went into committee on the report (Mr. Munzie in the chair), and adopted it. Report concurred in, and the Treasurer instructed to pay the several items of expense incurred.

Mr. Stevenson introduced a by-law to appoint a County Solicitor. The by-law was read a first and second time, and the Council went into committee on it. (Mr. Riddell in the chair) The names of Kenneth Mackenzie, Joseph Jacques, R. A. Harrison, and T. H. Bull, were proposed. The vote was taken, and none of the names obtained a majority. On motion of Mr. Munzie the committee rose, and the matter dropped; the opinion of a majority of the Council being that no solicitor was needed.

The Council then adjourned.

The Council resumed at 1 30 o'clock, p.m.

Mr. Munzie, on behalf of the special committee appointed in the forenoon, reported a petition to the Legislature of Ontario praying that the Bill now before the House be allowed to stand over until next session.

The report was adopted.

Mr. Porter gave notice that he would, to-morrow, move that a special committee of five be appointed to draft a petition to the City Council asking them to erect a covering over part of the market square as a protection to the buyer and seller from foul weather.

The council then adjourned.

The Council resumed at 7 o'clock, p.m.

The principal business transacted was the appointment of an assistant to the Clerk during the indisposition of the latter, and the presentation of the following

REPORT OF THE STANDING COMMITTEE ON EDUCATION.

To the Council of the County of York:

The Standing Committee on Education have received and carefully examined the following petitions and communications, and beg leave to report

**FATAL ACCIDENT.**—On Thursday last, while a gang of men, numbering eighteen, were at work in a cut on the Toronto and Nipissing Railroad, one and a quarter miles from Sunderland, in Brock, part of the bank gave way, throwing about four tons of earth, together with a stump, to the bottom, and completely burying two of the men. The others set to work immediately to dig out the two unfortunates, and succeeded in reaching them after fifteen minutes hard labor, but only to find that the vital spark had fled from each of them. One of them, named Copeland, apparently about forty years of age, leaves a wife and seven children; the other, named Quinlin, is young and unmarried.—*Uxbridge Journal.*

Prussia.  
Zurich, March 11.—The German celebration in honor of the return of peace, which began on Thursday, was disturbed by the French officers who are detained here as prisoners of war. The German Music Hall was attacked by the French, and several persons were injured in the *melee*. The Swiss Federal Council at once ordered the adoption of military measures to put an end to the tumult and prevent its re-occurrence. The disturbances were, nevertheless, resumed on Friday, when Touhalla of the Germans was again stormed by the French, and the German flag torn to pieces. Subsequently a large number of the people of Zurich, who sympathized with the Germans attacked the prison in which sixteen officers of the French Mobile Guard, arrested on the previous day, were imprisoned. The Swiss soldiers guarded the prison at once fired on them and repulsed the mob, but unfortunately killed and wounded several innocent people in the houses on the opposite side of the street. The riot has been thoroughly quelled, and to-day the city is perfectly quiet.

which it is now unnecessary to enumer-  
ate conspired to favor Mr. Paxton's elec-  
tion. Mr. Paxton is personally well  
liked, and whatever his deficiencies as a  
legislator may be, or however unwise  
the policy he acted upon, he had the  
courage to follow his leader and vote  
with his party, contrary to his own well  
known personal and local interests.  
However people might differ with him,  
there are some who admire his consisten-  
cy and the absence of all considerations  
of self-interest in this; we have no fear  
that Mr. Paxton will hereafter give a  
factious vote in the House merely for  
the sake of faction. On the other hand  
we believe that his past experience will  
make him a useful member, who will ex-  
amine measures, rather from a practical,  
than purely party point of view, in the  
second parliament of Ontario. All the  
excellences assigned by the disappointed and  
defeated for Mr. Paxton's success now  
amount to nothing. Some of them are  
purely imaginary; most of them are  
those usually assigned for defeat. We  
therefore advise our bellicose contempor-  
aries of the *Standard* and *Observer*, who  
have been for such a length of time abusing  
one another on the pot and kettle principle,  
to stop their waste of words and address  
themselves to other subjects. Let those  
beaten own up squarely and candidly,  
and let Mr. Paxton have all the credit  
he is entitled to for his election.

Paxton's majority—833.		

#### Who has the Majority?

That is the question with which the  
newspapers and the partizan politicians  
are now troubling themselves, and they  
will continue to do so until the House  
meets, and the first trial of strength  
takes place. We should say that—  
content your souls in patience—wait  
until the noses are counted. We don't  
believe in the bluff and bounce game of  
either side. But were we to hazard a  
prediction at all, we should be inclined  
to say that those who boast the loudest  
will, like all boasters, be found to come  
off the worst. Meantime, if converts  
are to be made at either side before the

law firm of Wilson & Bellings. Their  
long residence in Whitty, and nearly  
twenty years practice in their profession  
as Solicitors, is a sufficient guarantee for  
their success.

#### Dominion Bank.

The agency here for the Dominion  
Bank is expected to be opened for busi-  
ness next week; a large safe belonging  
to the Bank was brought here on Tues-  
day last, so all parties having large or  
small sums of money will after this,  
know where it can be safely and profit-  
ably invested.

#### Special Notice.

C. E. Kyle begs leave to return his  
sincere thanks to the public for their  
kind and liberal patronage, and hopes  
for the future to offer such inducements  
in his line of Goods, as will entitle him  
to their confidence and support. I take  
this opportunity of informing my nu-  
merous customers, that I will have a full  
and complete stock of Spring Goods, of  
the latest styles and patterns, by the

#### The "Joseph Gould" Locomotive.

We are informed that a new locomotive  
named after our respected townsman ar-  
rived at the Scarborough Junction on the  
Grand Trunk Railway, last Friday,  
from Kingston, for the Toronto & Nip-  
issing Railway Company.

PERSONAL.—In another column our  
readers will notice the report of a com-  
plimentary dinner given to our respected  
townsman, W. H. Holland, Esq., for  
some time past Accountant in the On-  
tario Bank, as a leave-taking before as-  
suming the duties of manager of the  
Dominion Bank at Uxbridge, to which  
he has recently been appointed. It is  
not always that we meet gentlemen who  
are thoroughly up to their business, and  
at the same time courteous, affable and  
obliging to their customers. All these  
qualities Mr. Holland had in a pre-  
eminent degree, and we feel sure we are  
only endorsing the general feeling of re-  
gret at Mr. Holland's departure from  
amongst us. His translation now to a  
higher, and we hope a more lucrative  
position, is the just reward of merit.—  
*Peterborough Review.*

LONDON, March 27.—Napoleon visit-  
ed Windsor Castle to-day, and remained  
an hour with Queen Victoria and family.  
An address of welcome was made by  
Lord Stanley. Marshal Canrobert's  
children were also present. The Castle  
grounds were filled with a great crowd  
of people, who cheered the ex-Emperor  
heartily.

##### HOUSE OF LORDS.

##### DECEASED WIFE'S SISTER'S BILL.

LONDON, March 27.  
The House of Lords to-night rejected

#### RULES FOR THE GENTLEMEN OF HAWK- BAY.

1st. Preliminary competitions for  
admission to the teams will be held  
simultaneously in each of the four mili-  
tary districts in the Province of  
Ontario, on Thursday and Friday, the  
27th and 28th of April next, viz, at  
London, Toronto, Kingston and Otte-  
wa.

2nd. The following gentlemen will  
have full charge of the competition in  
their respective localities, viz.—Lieut-  
Col. Moffatt at London; Lieut-Col.  
Gilmor at Toronto; Major Phillips at  
Kingston, and Lieut-Col. Forrest at  
Ottawa.

3rd. Candidates for admission to the  
team must report in uniform to the  
officer in charge at the range, in their  
respective district, and must be furnish-  
ed with a certificate from the command-  
ing officer to the effect that they are  
efficient volunteers.

4th. Competitors are to use the three  
grooved long Snider-Enfield; will pro-  
vide their own ammunition and bear  
whatever expense they may incur  
through attendance at the match.

5th. Competitors will fire seven  
rounds each, at 200, 500, and 600 yards  
twice on each day, and will be allowed  
two sighting shots at each range at each  
practise.

6th. Targets at 200 yards, 6 ft. x 4 ft  
bullseyes 8 in. centre 2 ft. Targets at  
500 and 600 yards, 6 ft. x 6 ft. bulls-  
eye 2 ft. centre four ft. Bullseye to  
count, 4, centre, 3, and outer 2.

7th. Position any except at the 200  
yards range which must be from the  
shoulder, standing.

8th. The final competition will take  
place at Toronto on the 9th, 10th, and  
11th and 12th May. Regulations re-  
garding which will be published here-  
after.

missions to expend the same; said sum payable on their order.

Mr. Padget, seconded by Mr. Lane, moved that the sum of \$2.50 be paid to Edward Smith, road overseer in road division No. 14, for gravel land on the 3rd Con., in front of Lot No. 27.

Mr. Eakin, seconded by Mr. Padget, moved that the sum of \$8 be granted for loading gravel, to be laid on the sideroad between Lots 5 and 6 in 10th Con., and that James Dimma and James Trami be commissioners to expend the same; said sum payable on their order.—Mr. Dimma having furnished the gravel gratis.

The Council adjourned, to meet on Saturday, the 8th day of April next.

**GOOD FOR SORE EYES.**—Through the kindness of Mr. Ryan, contractor, Mr. J. J. Barker received a car load of goods per the Toronto & Nipissing R. R. on Tuesday last. Mr. Barker with that indomitable spirit necessary in every successful business man, hired teams and had his goods conveyed to the junction of the G. T. R. R. and T. & N. R. R. where they were put on board a car and landed safely at the Markham station. That stock is now opened, and being offered for sale at remarkably low figures. Every person should have some article of dress from the first goods sent over the Toronto and Nipissing Railroad, as a memento to mark the epoch.

**TO ADVERTISERS.**—Although grateful to advertisers for the very liberal support tendered, we would respectfully request that the M.S.S. for all new advertisements and changes to secure insertion, should be sent to the office not later than Tuesday evening of each week, in order to give our foreman proper time to arrange and properly display the same. We are anxious that our patrons should have full justice done them. A word to the wise is sufficient.

**BEE HIVE.**—"How doth the little busy bee, improve each shining hour." Just so the proprietor of the Bee Hive Store, of Markham, improves every opportunity to gather in customers, by offering a large and well selected stock of new spring goods of the latest styles and unique patterns at low prices. Call and examine Mr. Burk's stock—just being opened.

**DEATH OF AN OLD SETTLER.**—John Boynton, one of the old settlers died at his residence in the township of York, on Thursday the 23rd. Deceased was from Patrington, in Yorkshire, England, and had settled where he died nearly half a century ago.

**SECOND IMPORTATION.**—Mr. Tane has just received his second importation of spring goods that emit all the fragrance of a sea breeze. See advertisement.

**MARKHAM UNION LODGE.**—Owing to the bad state of the roads, there will be no meeting of the Markham Union Lodge on Friday evening next.

**J. G. MUNNS.**—Read his advertisement and call and examine his goods.

of the loyal Nationals, demanded their surrender. They met both a refusal and a repulse.

The Montmartrists have increased their vigilance. They stop all railway trains bound to Versailles, and seize all ammunition found in the cars.

Versailles, March 23.—The withdrawal of German troops from France has been entirely stopped. Additional exactions have been levied by them upon the people of the departments.

Paris, March 26, 7 p.m.—The election passed off without disorder, and the city is now perfectly quiet. In a proclamation just issued the Central Republican Committee resigns its functions and yields to the newly elected municipal government. General Chanzy, on being set free, left for Versailles. Admiral Suissot has disbanded the loyal battalions under his command, and gone to Versailles.

A meeting to-day of the Deputies of the Republican left in the Assembly resolved to support the Government as long as it remained true to the Republic.

New York, March 26.—The *World's* Paris correspondent of the 26th says: Yesterday I "interviewed" the whole Central Committee in the Hotel de Ville. The members of the committee said: We organized in the first place on account of the information that Thiers was co-operating with Bismarck for the overthrow of the Republic, the evidence of which was overwhelming. Thiers had endeavored to provoke us to commit acts of violence, but failed, and had himself committed the first outrage by attacking Montmartre. The objects of the committee are to secure municipal rights for Paris free elections, and the abolition of the payment of rent due during the siege; to form one vast Republic under the regime of the Commune, which is to be more comprehensive than ever, as advocated by Louis Blanc and Victor Hugo, and to be based upon compulsory education. We ignore the Versailles Government, and declare all its acts null. Fresh elections will be held, and a new Assembly chosen, having its seat in Paris. The members of the Committee will not accept office in the new Government, but will form a *cordon sanitaire* having supervising powers over it. The people of all ranks are daily offering their services to us, and officers and men are deserting from Versailles and placing themselves at our disposal. We do not want any needless effusion of blood. Gen. Chanzy will not be executed, but Generals Ducrot and Trochu will be, if caught. We appointed Garibaldi commander-in-chief. He will arrive to-morrow; Menotti and Ricciotti Garibaldi are his aides.

#### AMERICAN NEWS.

Washington, March 25.—The Senate yesterday confirmed the naturalization treaty made by Mr. Motley with the British Government. By this treaty Great Britain acknowledges the right of her subjects to renounce their allegiance and become citizens of the United States, and reciprocal provisions are made for conferring naturalization upon Americans who may wish to become subjects of Great Britain.

The British Commission met yesterday, at a quarter before eleven, at the residence of Earl de Grey, and remained in consultation until noon, when they proceeded to the State Department, where the Joint High Commission was held. It lasted until after 4 o'clock. So far as the business of the Commission is concerned, nothing has transpired to change the general impression that no practical result is speedily anticipated. The Commis-

of which the Wilson, if Cincinnati, Ohio, I should have said some time ago to a depth of 20 feet, in half of preparation has been made to resist the operations on the opening of the canal. The location is expected and is expected, prove very good.

There is a fourth location, which is the only other that we will attend to at present. It consists of 100 acres, running back to the water's edge, and is situated about 10 miles farther to the east than the Michigan mine, and is distant from Fort Hamilton.

The silver vein was discovered by a bred named Ambrose Cyrette known to the military as "Ambrose," and in 1890 Scotch explorer of the name of Campbell. They met in their discovery to the John Clark, and time in charge of the stores for the road-making expedition, who had the location surveyed, and took the patent for it, and the two explorers having equal claims.

Very soon the enterprising American gentlemen, hearing of the discovery, made them the following offer, which was accepted, viz: \$100,000 to be paid in 1000 to be expended in working the mine and further explorations. The parties who own this property now, therefore, are John Fitch, of Toledo, Mr. Bronson, of the same place, who bought the interest of "Ambrose" in 1890, Mr. Clark and Mr. Campbell. In January last, the shaft now being sunk was down to a depth of 22 feet, and 50 feet they will reach the level of the lake, where they expect to find the richest ore. The company has at present 18 men working constantly at work, and they have on hand 50 to 60 tons of ore, some of which has been assayed both at Newark, N.J., and at Toledo, O., the former showing a return of \$800 per ton, and the latter over \$900 per ton; but must be remembered that that was from selected ore. When the vein was first opened it had a width of four feet, but widening as it descended, at last, according to it was not less than ten feet wide, apparently increasing in richness at the same time.

Special arrangements having to be completed previous to the opening of navigation, Mr. Clark had to undertake the tedious and hazardous journey, in mid-winter, on snow-shoes, from Thunder Bay to Duluth, a distance of 200 miles, leaving Captain Beck, chief miner, in charge. Starting early in January, with two Indians to drag the toboggans, with the provisions and blankets, and with his friend "Ambrose" as a guide, Mr. Clark reached Duluth in twelve days, including nearly three days during which they were storm-bound. At first a train of dogs was tried, but they had to be abandoned after the first day, on account of the breaking up of the ice by the storm, and then their snow-shoes were their only resource. At night the travellers dug a hole in the snow, covered themselves with their rubbers, blankets, and comfortably slept till morning. Their arrival at Duluth, and their proceeding to Indian fields the Bay View Hotel, created not a little sensation. From Duluth Mr. Clark, accompanied by Ambrose, (the Indians returning to Thunder Bay) took the railway, by way of St. Paul and Chicago, for Toledo, where his partners reside.

It is the intention of the Company to purchase a small steamer, and they are now in treaty for one for the sole purpose of exploration in Thunder Bay, Black Bay, and contiguous localities, which must have an immediate and immense influence in the development of the vast mineral wealth still hidden on the North Shore.

vote thus polled must not by any means be accepted as a condemnation of the Government. There was in fact no Government candidate. Many reasons which it is now unnecessary to enumerate inspired to favor Mr. Paxton's election.

Mr. Paxton is personally well liked, and whatever his deficiencies as a legislator may be, or however unwise the policy he acted upon, he had the courage to follow his leader and vote with his party, contrary to his own well known personal and local interests. However people might differ with him, there are some who admire his consistency and the absence of all considerations of self-interest in this; we have no fear that Mr. Paxton will hereafter give a factious vote in the House merely for the sake of faction. On the other hand we believe that his past experience will make him a useful member, who will examine measures, rather from a practical, than purely party point of view, in the second parliament of Ontario. All the excuses assigned by the disappointed and defeated for Mr. Paxton's success now amount to nothing. Some of them are purely imaginary; most of them are those usually assigned for defeat. We therefore advise our bellicose contemporaries of the *Standard* and *Observer*, who have been for such a length of time abusing one another on the pot and kettle principle, to stop their waste of words and address themselves to other subjects. Captain "Ontario Team."

Hamilton, March 24, 1871.

#### Spring Assizes.

The Spring session of the Court of Assize for the County of Ontario, began on Wednesday, 22nd inst., at the Court House, Mr. Justice Morrison presiding. The members of the Bar present were, Messrs. Wilson, Gordon, Cochrane, and Smith of Whitby, Patterson of Toronto, and Billings of Prince Albert.

The following are the names of gentlemen composing the

#### GRAND JURY.

John Ratcliffe, Foreman—T. P. White, Aaron Campbell, Arthur Claghorn, Jerry Lick, Joshua Richardson, Joseph Thompson, W. D. Michael, Thomas D. Crompton, Alex. Blank, M. G. Robson, Wm. Forrester.

#### JUDGE'S CHARGE.

His Lordship was much pleased to announce that he was entitled to the white gloves. This was the second presentation of the kind out of his three visits to the County of Ontario, and was gratifying testimony to the healthy condition of public morals. The absence of criminal cases from a somewhat lengthy docket at this time of election excitement called for special congratulation. He instructed the Grand Jury to examine

Verdict for debt. S. H. Cochrane for plaintiff, C. S. Patterson for defendant.

#### PRESENTMENT.

The Grand Jury brought in a true Bill against the Whitby and Scougog Gravel Road Company for not keeping their road in repair, which will be tried at a future court.

The Grand Jury heartily reciprocate the congratulations of the learned Judge on the absence of any criminal case for trial at this assize, coming at the close of a keen political contest. It affords a gratifying proof of the efficiency of the new election law, as well as the Act giving the option of summary trial to persons accused of crime.

The Grand Jury presents that they have visited the gaol and find only three persons in duress, two of these for acts committed while under the influence of intoxicating liquor—the fruitful source of almost every crime—and the third for persistently seeking to escape from the consequence of the primeval curse. The gaol, as on former occasions, was found in a clean and orderly condition, and the officers apparently attentive to their duties. The gaol surgeon has brought to the notice of the Grand Jury the case of Thomas Prout, one of the persons sentenced to twelve months imprisonment with hard labor, seven months of which term yet remain: The gaol surgeon states that this prisoner is consumptive, and that the disease is making such rapid progress that if the term of imprisonment is not shortened he is likely to die in gaol. The gaol surgeon also testifies to the very excellent behavior of the prisoner, and his contrition for the offence (stabbing) for which he is now enduring sentence. The Grand Jury present that, in their judgement, it would be in accordance with mercy, and not detrimental to justice were the unexpired portion of his sentence remitted. The Grand Jury think the present mode of selecting and summoning juries, cumbersome and expensive, and are of opinion that the final selection might be left in the hands of the local municipalities, and the summoning of jurors effected through the medium of the Post Office, or some Township Officer in the respective municipalities of the County might with equal efficiency and great economy perform this service.

The Grand Jury embrace this opportunity to congratulate Her Majesty on the people on the auspicious marriage of another of the illustrious daughters of our beloved Queen, and admired the wisdom and sagacity of Her Majesty rising above the Act which isolates the reigning family from the people, and has it as an additional guarantee for the stability of the institutions under which it is our happiness to live.

Whitby, March 23, } Foreman

#### Complimentary Supper to W. H. Holland, Esq.

The friends of Mr. W. H. Holland, Accountant to the Ontario Bank, having heard with regret that he was about to leave Peterborough, and being desirous of according their appreciation of his courteous and gentlemanly demeanour while in the employment of the Bank in this Town, invited him to partake of a supper previous to his departure for Uxbridge, where he had been appointed to the management of the Dominion Bank. Accordingly Mr. Holland was entertained on Monday evening
