W. G. & B. RAILWAY.—The "Galt Reporter" is informed that the Directors of the Great Western Railway have serious intentions of changing the present route of the W. G. & B. Branch between Elora and Fergus. The present bridge over the Grand River between these two places has been condemned, and a new one has to be built. Instead of doing that, the intention is to straighten the line running it direct from Elora to Alma, shortening the distance some three miles, and diminishing the cost of a new bridge. It is likely that no definite action will be taken in the matter before the visit of the English Directors, which will take place shortly.

T. G. & B. RAILWAY.—Considerable attention has of late been called to the necessity for the construction of an independent line by this company from Weston to Toronto. At the annual meeting of the Toronto Board of Trade, considerable prominence was given to the matter. The delays on this part of the line caused by the blocked condition of the Grand Trunk Railway are a continual source of annoyance to the travelling and business public. The time tables on the other sections of the narrow gauge line are adhered to with commendable promptitude, but all is now ruined by the delays on the short piece of road between Weston and the city. Any scheme which may be devised to remedy the evil will receive the hearty approval of the public interested.

P.R.

Toronto, Grey & Bruce Railways,

This company have given notice that on and after the 1st day of May, all trains will discontinuing at the station in the township of Lester. The company have placed two new locomotives on the road during the past week, named "Marathon" and "Harvest." They were built at the Locomotive Works, Philadelphia, and are very powerful engines. Two other locomotives which were ordered a few months ago, will be ready for delivery in the course of a few days. When these shall have been delivered, the company will have twenty locomotives on the line.—With this increased engine power, and the large additions which are being made to the rolling stock, we have no doubt the company will be able to meet the pressure of business on the line.

for four weeks past. This church will not be re-opened until Sunday week.

BATDOE BROKEN DOWN.—The bridge crossing the Maitland in Brussels broke down on Wednesday morning last. Mr. Neil McLaughlin, of Brussels, was driving over the bridge at the time with a team, when the support to the main arch broke in two, the bridge has settled about two feet, and is only safe for foot passengers. It is time that the County was attending to this matter, the bridge having been quite unsafe for the last year.

RUNAWAY.—On Wednesday last, Mr. Peter McMurray's team, driven by Geo. Perry, ran away. They upset the wagon, throwing the driver and a boy out, and ran up Main street round to Vanstone's Mill. Very fortunately no one was hurt.

PRESENTATION.—A number of ladies and gentlemen connected with the Wesleyan Church assembled at Mr. W. H. McCracken's house, on Friday evening last, and a presentation was made to Mr. Thos. Legate of a purse of \$25. Mr. Philip Sparling read an address, which was appropriately responded to by Mr. Legate.

Wroxeter.

WESTWARD HO.—On the 2d inst., Mr. Wm. Ney and family, formerly of the Ninth Concession of Howick, passed through Wroxeter, en route for Manitoba. We believe he intends to follow the Dawson route. We learn that a number of others from the same locality will leave for Manitoba in a short time, and several young men in the neighborhood of Wroxeter intend to try their fortune in the same direction.

ACCIDENT.—While a number of lads were pitching quoits the other evening, a boy named Wm. Reid, when in the act of crossing the street, while they were playing, was struck on the forehead, and received an ugly gash. Surgical aid was procured, and the lad is doing well.

RAILWAY.—We learn from good authority that the hitch with the Toronto, Grey and Bruce Railroad has at last been satisfactorily got over, and that work is to be commenced as soon as the necessary arrangements with the contractors can be made. We hope yet to see the railway in running order for this season's crop.

Wroxeter.

PRE-NIC.—A grand union temperance
pic-nic was held in Wroxeter, on Thurs-
day, June 4. The weather was all that
could have been wished, and the turnout
was consequently good. Brussels, Gorrie,
Belmore, Mount Nebo, Maitland Bank and
Wroxeter Lodges were in attendance.
The Good Templars, with regalia ban-
ners flying, and headed by the Robinson
brass band, paraded the streets, and then
adjourned to the grounds, where every
kind of refreshment was provided. Af-
ter the eatables and drinkables were dis-
posed of, order was called, and numerous
speeches, songs, recitations, &c., were
given by members of the various lodges.
The programme was good, and several
songs, which were sung by Brothers Mc-
Gillicuddy and Scott, of Brussels Lodge,
were perfectly irresistible. Among the
speakers were Brothers Higgins, Os-
borne, of the Wingham Times, Rev. Mr.
Snider, Smith, &c. The Wroxeter Cold
Water Temple was there decked out in
regalia. A number of sprightly couples
remained behind to trip the light fantas-
tic toe, and altogether a pleasant enjoy-
able day was spent.

ACCIDENT.—A young man named Al-
lan Orr, while playing base ball last
week, and when in the act of running to
the second base, fell and put his ankle
out of joint. Dr. Smale set the joint,
and the lad is doing well.

RAILWAY.—The contract for finishing
the Toronto, Grey and Bruce Railway
from Harriston to Teeswater has been
let to Mr. Thomas Robinson, and under-
taken to be finished by the 1st of De-
cember, 1874. We understand that the
penalty incurred by the Company to the
township of Howick has been set aside
on condition of the road being finished
by December.

Fifty Cents will pay for the Correspondence until the end of the year. Communicate with the ~~Editor~~ next week.

An excursion train on the Wellington Grey & Bruce Railway will be run from Waterloo to Guelph, on the 1st July.

The Rev. W. Norton, of Pembroke, formerly of this place, preached in the W. M. Church, on last Sabbath morning.

The friends of Dr. Landrykin, M.P., give that gentlemen a dinner at Widmer's hotel, Ayton village on to-morrow Wednesday, at 6 o'clock p.m.

The Listowel Banner understands that during a thunder storm last Sunday week a young man named John Lumey was killed by lightning in the township of Logan.

HANOVER CAMP MEETING.—Hanover Camp Meeting will commence on June 22nd, at 10 a.m. on the old camp ground. Parties desiring tents can be supplied by applying to H. P. Adams, Esq., on or before the 15th inst.

SCHOOL CLOSING.—It appears we were in error in stating that the village schools would close on the 26th inst. This date

of closing only applies to places where High or Collegiate Schools are in operation. The schools here will not therefore close until July 14th.

BRIGADE CAMP.—Capt. Winfield informs us that his company, instead of going to Battalion drill, will, further on in the season, be called out to brigade camp. He is not yet aware of the time or location of the camp. The Capt. states that he has room in his company for a few good young men.

TEA MEETING.—A tea meeting will be held at Mr. H. H. Green's Cedarville on Thursday next, 18th inst., in connection with the C. P. Club of that place. Tea will be served at three o'clock. A number of speakers are expected to address the assemblage, and a good choir will be in attendance. Admission 25 cents; children under twelve years of age half price.

MAGISTRATE'S COURT.—Mr. John Moore, of Preston, was summoned by one Rose Moore, for throwing down a fence on her premises and exposing the growing crop to damage. The case was heard by H. N. Stovel, Esq., J. P., on Saturday last, and defendant was fined \$2 and costs. We understand the case is to be appealed on the ground that the point in question, is in dispute.

MR. GORDON'S LETTER.—On our first page will be found a letter from Mr. John Gordon, President of the T. G. & B. Railway to the ratepayers of the townships of Howick, Calross & Turnberry. In this letter Mr. Gordon cautions the Ontario Government without gloom, and distinctly states that that without the Government come down with the dust, the road will not be built. We suppose this has been done, for we hear the contract for the completion of the road to Teeswater has been let to Mr. T. Robison, who will commence at once.

NOTES OF THANKS.—We are request-

LATE ADVICE REGARDING THE FAMINE IN INDIA, are encouraging. There is a marked improvement in Tirhoot. In the first stage of the famine the dearth was of implement rather than grain, "and" says the Viceroy, "we act accordingly." The second stage is now beginning, the dearth will be of grain, we are prepared for it.

WE ARE GLAD TO LEARN that the Toronto, Grey & Bruce Railway intend pushing the construction of the independent line from Weston to Toronto without delay. The Company have already purchased the iron, and the contract has been let to Mr. F. Shantz. It is expected that the work will be completed by October next. —Advertiser.

THE SCOTIA.—This is the name of a new paper started in New York in the interests of Scotchmen. It is published by John Laird Wilson. The size is larger than the Scottish American and the columns wider, and the general appearance resembles that paper, in the old Dart. The price of subscription is \$3.00 a year, or \$2.50 in clubs of 20 or more; single copies 7 cents.

Governor-General to call there on his way to Lake Superior.

AFFORDED.—Mr. Henry Pearce, late ticket agent at Weston, has been appointed station master at Orangeville, in place of Mr. A. H. Crawford, resigned.

SWORN IN.—Messrs. Fournier and Geoffrion, have been sworn in as members of the Government. The former as Minister of Justice and the latter as Minister of Inland Revenue.

IT is stated that the Hon. George Brown, will, at an early date, proceed to England, for the purpose of receiving the honor of knighthood at the hands of Her Majesty Queen Victoria.

A very successful Reform picnic was held at Milton on the 8th inst. Speeches were delivered by Hon. O. Mowat, Hon. A. McKellar, Messrs. Ryman, M. P., R. Smith, M. P., D. B. Chisholm, M. P., and several others.

BASE BALL TOURNAMENT.—At a base ball tournament which took place at Watertown, New York, on the 7th inst., in which fourteen of the best amateur clubs in the United States participated, the Maple Leaf Club of Guelph, carried off the first prize of \$500.

Mr. HANKEY, of Orangeville, was rather unceremoniously shunted off in a railway car near Shelburne, the other day, and in consideration of this "little accident" he has just received \$250 from the Toronto, Grey and Bruce Railway Company.

PRESNTATION.—On Monday evening the 6th inst., a few of the members of the Baptist Church and congregation, Stratford, surprised their much esteemed pastor, the Rev. C. Walker, by waiting on him with a purse containing \$78.45, which was presented in the name of the subscribers by Mr. Abel Coulton, with a few suitable remarks, expressive of their love and esteem for him. Mr. Walker in a very touching address expressed his pleasure at receiving such a token of the love and esteem of the church.

TEXDORIS.—The following were the several tenders received by the committee appointed by the Council for the erection of town hall.—For the whole work, Messrs. Humphries & Buchanan, \$4224; Reid & Yarlett, \$4125; Gruber & Reid, \$4117.60; O. Bowley, \$3725, and H. McDowell, \$3650. For the carpenter work alone, Charles Valley, \$1476.

Brick and stone work alone, Watson & Trout, \$2298; Robt. McDowell, \$2150. Stone work alone, R. G. Kennedy, \$385. Excavating, J. DuFour, \$70. Painting, H. Harrington, \$180. G. Gillies, \$149; W. Pearce, \$143. Tinwork, J. Ker, \$34.50. The committee, after carefully examining the tenders for the whole work, as well as for the separate branches, came to the conclusion that the tender of R. McDowell, for the whole work, was the lowest, and, therefore gave him the contract. This being declined, the contract was awarded to the next lowest, and accepted by Mr. Bodley at the sum of \$3725. The building is to be of red brick, with white facing, 30x24, 26 feet high, and is to stand lengthways on Wellington street, across the front of the present market building.

A LARGE number of mechanics are out of employment in Winnipeg. This is consequent upon the influx of population.

AN Indian raid has been made at St. Joseph's, and the United States Commandant at Pembina has called upon the citizens to volunteer.

D. D.—Rev. A. Curran, M. A., President of Albert College, Batteville, has been honored with the degree of D. D. from a University in Indiana.

A point three hundred miles west of Fort Garry has been fixed upon as the headquarters of the Mounted Police. Forty men have been detailed to prepare quarters for the force.

STRATFORD AND LAKE HURON RAIL ROAD.—A meeting of those who have subscribed to the stock of this Railway has been called for the 25th of August for the purpose of electing directors of the said company.

SMALLPOX is raging just now in Aberdeen. Forty nine cases have been admitted to the hospital during the past two months, and there are at present 17 patients in the hospital. There have been eight deaths very recently.

CORN & STONE.—On Thursday afternoon the corner stone of the new Wesleyan Methodist Church on the corner of Salvoik and Dublin streets, Guelph, was laid by James Hough, Esq., in the presence of a large concourse of people.

OFFICIAL ENDORSEMENT.—That popular and well-known monthly, the *Star Spangled Banner*, for August, is received. As an exposé of Swindlers, Quacks and Humbugs, it has no equal. Even in the Government Departments of Washington, it stands as acknowledged authority. The Chief of Division P. O. Department, writes to the publishers of the *Banner* as follows:—"One special agent has been hard at work on the case, but you can do more by means of your *Banner*, to break up such concerns, than the whole Post Office Department." Every one should send \$1 for the *Banner* and two elegant Prang Chromas, Specimens 6 cents. None free. Address, *Star Spangled Banner*, Hinsdale, N. H.

The Owen Sound Advertiser says:—"During the last few days, a small boat has two or three times been seen floating about the Bay, but each time the weather was such that she could not be approached; but from the description given of her fears for the safety of the Rev. R. Robinson, late pastor of the Congregational Church of this place, have been created. About ten days ago Mr. Robinson left here in an open boat, accompanied by one or two Indians, for Killarney, intending to call at the small Missionary Station on the way; but as nothing has been heard of him since, the discovery of this boat has given rise to the fear that he may have been drowned. It is to be hoped that such is not the case, and that the next steamer down will bring tidings of his safe arrival at Killarney." The rev. gentleman, alluded to above, is father of Mr. Robinson, late Principal of the Central School here. —Ep.

ORANGEVILLE TEMPERANCE HOTEL.—This house is fast becoming a resort for the young men of the town who are unwilling to frequent the other taverns, as well as for the farming community. We understand it is contemplated to establish a reading room on the premises.

On Monday last Mrs. Mary Peitson was found dead in her bed at No. 15 Barton street, Hamilton. She was dressed, and there were evidences of poison ing, and an inquest being held, the jury decided that she had died from an overdose of black henbane administered by her own hand.

Eggs by Weight.—The state of Massachusetts has just passed a law fixing one pound and a half as the minimum weight of one dozen eggs. Upon this standard egg will be bought and sold in that state from this date. This will be some encouragement for fowl breeders to improve their stock of poultry.

PRESENTATION.—Orangeville, July 6.—On Saturday night a number of the employees of the T. G. & B. Railway, and friends in Orangeville met at Wilson's Hotel and presented Mr. Alexander H. Crawford, late agent here, with a magnificent gold watch and chain, the watch bearing the following inscription:—"Presented to Alexander H. Crawford, by the employees of the T. G. & B. R. and a few friends, as a token of esteem while agent at Orangeville." The presentation was made by Mr. H. Davison on behalf of the subscribers. A very pleasant evening was spent, and many were the good wishes expressed by the chairman, Dr. Riddell, and those present for Mr. Crawford's welfare.

With no time to wait in a long out following is the	The third annual picnic of the employees of the Toronto, Grey & Bruce Railway, made off at Orangeville on Saturday last. Excursion trains were advertised to run from Toronto, Owen Sound and Hamilton at greatly reduced fares. In accordance with such notice the train arrived here from the latter place on time, the regular passenger train being made to do duty for the excursionists on the outward bound trip. Upon the arrival of the cars a large number of persons were in waiting to get on board, and before the train was brought to a stand-still, a general rush was made to obtain a seat in the fully passenger coach attached. Those who were not fortunate enough to gain a situation, who obliged to make themselves contented with a seat in a goods car, fit up with the easiest plan, that could be obtained. On an ordinary occasion this would have been deemed ungracious, but the ladies & lasses were our vigilant hosts, and this goes a great way, at such times. More than the usual time was taken up in getting under weigh, as the tickets were not issued until that morning. At about 9 o'clock, the excursionists having got safely on board, the cars, headed by two engines, moved off, and, after receiving additions to their number at each station, arrived at Orangeville at 11:30, where they found the train from Toronto had arrived 20 minutes before and intended a large and varied assortment of dry goods and hardware. The fair sex from the metropolis intended, no doubt, to impress their "country cousins" with the unlimited resources of their dry-goods establishments. The town was gaily decorated with everything that could be made to float in the way of bunting, and the inhabitants all appeared to have don off their "Sunday-go-to-meeting clothes" for the purpose of welcoming their friends from a distance. In a short time the train from the north arrived with a large number of passengers, accompanied by the Owen Sound band, under the leadership of Mr. Johnstone, leader of the band here. A general assembly was soon made for the picnic ground, which was located about three-quarters of a mile northwest of the station, where every arrangement was made in the way of refreshment booths, at which fixtures were provided with "half change" could obtain refreshments, and the accompanying drinks, to assuage their appetites. These booths, as well as the various hotels in town must have done a "rushing business" throughout the day.	The Treasurer taxes in the County the Court House at ten o'clock next. ORANGEVILLE, SEPT. 24, 1874.

MAJOR-GENERAL E. S. SMITH has been appointed to the command of the Active Militia.

ATRATHUR FALL SHOW.—This show will be held in the village of Arthur, on Friday, 16th October next.

STILL THEY GO.—Two more Grits have gone under; Kerr, West Northumberland, and Shibley Addington.

S. T. BRENNAN, ex-mayor of Kingston, has been chosen as the standard-bearer of the Liberal Conservative party, in the coming election in Ontario for the Locality House.

HALIFAXTON is almost the bull's eye of Central Canada, the distance to Parry Sound being 110; to Ottawa 112; to Port Hope, about 90 miles; and the same distance to Lake Nipissing.

THE "CALEDON" ENGINE.—After six months in hospital the double-header has again made its appearance. Newly painted she looks well, and we have no doubt will do a fair share of work this fall.

An action has been entered against Mr. W. Paxton, late Treasurer for the county of Ontario, for \$11,000, for which it is alleged, he was in default when he left office. It will be tried at the coming Court of Queen's Bench at Whitby. M. C. Cameron is likely to appear for the county.

RAILWAY WHISTLING.—We noticed lately that on one of the leading railways in the United States whistling had been done away with. We would draw the attention of our railway officials here to this. A little less "screching," especially on Sabbath days, would be a boon to the community.

If there is an instance in all agriculture where the present dry season has benefited any particular growth it is the ripening of hops. The produce of the hop vine is now ripe, and picking has commenced. In the yards where they are grown a busy scene is presented, and the weather is delightful for the work.

THE petition against the return of Dr. Tupper, member for Cumberland, has been withdrawn. The Grits abounded in empty boasting until the dawn of the day when proof was required before the Judges, then their threats and idle charges collapsed like a punctured windbag. Truly Bras is a good dog, but Holdfast is better.—Toronto Sun.

\$20,000.
SHEPHERD.—ACCIDENT.—One day last week as a step son of Mr. McNabb, of Mulmur, was engaged in hauling rails he fell off the load, the wheel passing over his leg, fracturing it. The dog was set by Dr. James of Shelburne, and the boy is now progressing favorably.

NEW PASSENGER COACHES.—Two new and handsome passenger coaches have within the past few days been added to the T. G. & B. Ry. Rolling Stock. They are much longer than the cars before in use, and much more handsomely fitted.

MR. BANNERMAN has accepted the nomination of the Liberal-Conservative Party in South Kawartha in opposition to Mr. Lora McDougall. We opine Mr. Bannerman will make hot work of it for the Sunday-drinking temperance advocate.—Mail.

NEW ENGINES.—Within the past two days two new engines, built at the Baldwin Locomotive Works, Philadelphia, have been added to the stock of the Toronto, Grey & Bruce Railway Co. This will make the number of locomotives belonging to the Company twenty.

THE PROVINCIAL FAIR.—The facilities afforded by the railway company to all who wish to visit Toronto during the Exhibition are being largely taken advantage of over \$200 was taken in for fares at the Orangeville Station, allow on Tuesday.

THE WILSON HOUSE.—The new dining-room at the Railway Station has now been opened. It is large and commodious, and being close to the track, will be more convenient than the old one. Mr. Wilson will no doubt do all in his power to make parties comfortable, and keep his table supplied with the best market affords.

H. C. R. BECKER, Esq., of London, Ont., was married (in England lately) to Mrs. Robinson. This lady, a sister of the late Mr. Street, M.P., was first married to Dr. Cummings, subsequently to Mr. Macklem, merchant, subsequently to the Rev. Dr. Robinson, and now to Mr. Becker. She is reputed to be very wealthy, being worth probably half a million dollars.

THE RAILWAY MILLENIUM.—Oh for the pencil of a great artist to depict, with sufficient justice to the glorious subject, the wonderful spectacle lately vouchsafed to the dwellers in Ottawa. When we read the items in the Ottawa correspondence of the daily papers, announcing that the lion and lamb, so to speak, were walking around arm in arm, we asked with the poet, "Do we sleep, do we dream?" Brown and Beydges! Who next?—National.

CARS IN THE DITCH.—On Sunday afternoon a train of grain cars filled up with rough board seats (Exhibition Passenger Cars) left the Orangeville Station for Owen Sound. All went well till the neighborhood of Berkeley was reached, when from some unforeseen cause six of the cars were thrown into the ditch at the side of the road. It was nearly six o'clock on Monday morning before a start could be made with the remaining portion of the train. In consequence of the accident, the special train advertised to leave here on Monday at ten o'clock, did not reach this station till nearly three o'clock in the afternoon.

In consequence of the fences being
burned down along the line of the
Toronto, Grey and Bruce Railway, above
Orangeville, cattle have free access to
the track, the consequence of which has
been the destruction of a great many
valuable animals. Four cattle and three
horses were killed on the line in Luther,
one day last week.

T. G. & B. RAILWAY.—We notice
that the "Caledon" double headed engine
has again been placed on this road. She
has been thoroughly overhauled and re
fitted, and after so long a rest should be
ready for a good fall and winter trade.
Two new engines and two new passenger
coaches have also been placed on the
road. The coaches are much more eleg
antly fitted up than those now in
use.

THE WILSON HOUSE.—Our old friend
Mr. T. Wilson, appears to be doing a
large business. The Orangeville Sun
says: The new dining room at the
Railway Station has now been opened.
It is large and commodious, and being
close to the track, will be more convenient
than the old one. Mr. Wilson will
no doubt do all in his power to make
parties comfortable and keep his table
supplied with the best that the market
affords.

Rosa D'ERINA.—This talented opera
singer gave one of her concerts here on
Thursday evening last, to a well filled
house in Evans' Hall. The programme
for the evening was a very choice one,
consisting of the best selections of the
most talented composers. The lady was
well received and during the evenings
entertainment was loudly cheered, and
frequently encored. Her execution on
the piano and organ was most excellent.
A piano was obtained from Mrs. Bell,
and one of Simmons and Clough's organs
from H. H. Stovel for the occasion.

THE HARRISON TRIBUNE says that the
people of Wingham, after waiting two or
three years for the Directors of the
Southern Extension of the W., G. & B.
Railway, to open their line, are taking
steps to get the Toronto, Grey & Bruce
to that place. On Tuesday, a deputation,
composed of Messrs. Leet, Green, Jackson,
Roland, Fisher and Holmes went to
Toronto to interview the Directors of
the T. G. & B. Company with the view
of getting the road into that place. We
have not learned whether the Directors
gave them any encouragement.

REFORM DEMONSTRATION.—We are
now enabled to inform our readers that
the 8th of October is the day fixed upon
for holding the Reform Demonstration
in Harrison. The entertainment is a

on Monday. The entries were about
6,000, and a very successful show was
held. The city was crowded with visitors,
a larger number being present than ever
before.

SUBSCRIPTION.—Our new story "Sure
Hand the Tipper" commenced last week.
For the convenience of parties sub
scribing we have on hand a few spare
copies of the first number of the story,
only \$1 per year, or the CONFEDERATE
and PHRÆNOLOGICAL JOURNAL for \$3.50.
The CONFEDERATE and SCIENCE OF HEALTH
for \$3.00.

ARTHUR ENTERPRISE.—We have the
first issue of the above. The Enterprise
was until a few weeks ago published in
Dreyton, but the proprietor thinking
Arthur to be a better field for the ex
pansion of his energies, he has removed
there, and hence the change in name.—
The paper has also been enlarged and
otherwise improved. We wish it success.

THE WESTERN EXTENSION.—The work
on this line is progressing very favorably.
The Teeswater News says the locomotive
is fast nearing that village. A special
train is expected to run from Wroxeter
to Harriston on the day of the celebration.
The road is expected to be ready for
traffic in a few weeks, when Gorrie,
Wroxeter and Teeswater will have
railway communication with the outer
world.

FATAL ACCIDENT.—On Friday last a
fatal accident occurred near Harriston,
on the T. G. & B. Railway whereby a
brakeman named Harris lost his life.
The construction train was leaving
Harriston with a few cars laden with
rails, after proceeding a few hundred
yards the train was obliged to back up,
when decrass was caught between the
buffers and his body completely smashed.
Harris had only been from England
18 months.

CORDWOOD BURNED.—On Friday morn
ing, about 1 o'clock, a fire broke out at
Orangeville, in a large pile of cut wood,
over three thousand cords, belonging to
the T. G. & B. Railway. The wood was
situated opposite the freight warehouse,
and it was with the utmost difficulty that
the buildings were saved. A great num
ber of the towns people turned out,
worked with a will, but six hours
elapsed before the fire was subdued.—
Over two hundred cords of wood were
burned.

story, Mr. Dey had promised to give a prize to the boy and girl who gathered the greatest number of different of different kinds of plants. The boy that succeeded in collecting the greatest number was John Knight, the number being 134, and the girl who succeeded in collecting the greatest number was Mary Patterson, the number being 52. All seemed to go away very well satisfied, although the rain made it rather disagreeable. Mr. Dey has now gone to Montreal to finish his course at College.

Wroxeter.

RAILWAY.—The work on the Toronto, Grey and Bruce Railway is being rapidly pushed on, the rails being laid to within a short distance of Wroxeter and Gorrie stations, and the energetic contractors, Robinson Bros., expect to have a train running from that station for the accommodation of passengers who intend to be present at the Reform demonstration, to take place at Harriston, on Oct. 8. The ballasting in Minto is nearly completed, and, when running, the Toronto, Grey and Bruce will supply a want long and badly felt by the farmers and the inhabitants of the neighboring townships in general. Instead of having to team their grain and other produce over 20 miles as before, they will have a market almost at their doors. The village of Wroxeter, being situated on a bend of the Toronto, Grey and Bruce, which here takes a turn to the north, is most advantageously situated for the reception of the trade of the surrounding country. The un supplied tract of country to the south and west will doubtless take advantage of the direct route of the Toronto, Grey and Bruce to ship its freight by it, and as Wroxeter would be the nearest station, that village will, therefore, receive the benefit of the large amount of traffic which will pass through it on its way to the station. The trade of the North will mostly go by Teeswater, Clifford and Wroxeter, and as trade rarely goes backwards on a railway, the larger portion will come to Wroxeter.

NEW STORE.—Mr. James Young, of this place, and Mr. Hearn, formerly of Wingham, intend to open out a new store in this village.

Usborne.

SQUIRREL HUNT.—The annual Lumley squirrel hunt took place on Monday, Sept. 21. The captains this year were Messrs. Thomas and Trann. The two parties met at Lumley about daylight in the morning, and immediately set out to scour the country in every direction in search of game. The day being fine and game plenty, they were very successful. In the evening, when they met again, it was found that Captain Thomas' party scored 5,100 and Captain Trann's 4,500, giving a majority for the former of 600 points. The sportsmen then sat down to an excellent supper, after which the day's amusement was wound up with a social dance, which was well attended.

COMPLIMENTARY SUPPER

A supper in honor of Mr. T. A. Chisholm, Station Master, who is about to leave here, took place at Jennings' Hotel on the evening of the 2nd inst. The gathering was one of the largest that has ever taken place here. Mr. Chisholm, during his short stay in this place endeared himself to all those who were brought in contact with him. Col. Armstrong occupied the chair, and in addition to all the merchants and mechanics in this neighborhood, who sat down, quite a number came from a distance to testify the appreciation in which Mr. Chisholm is held by them and to testify to his conduct as manager of this station. Many were the regrets mentioned at his leaving here. The unanimous opinion was that the Railway Co. will find it very difficult to supersede him with a man who can be well discharged the duties of the position as faithfully as he has done; in fact the people here looked upon him as the right man in the right place, and one and all sincerely regret his departure. After the usual loyal toasts, the toast of the steaming was given with all vigor, and Mr. Chisholm responded in a neat speech. Mine host and hostess prepared everything in splendid style, and the evening was spent in a very pleasant and happy manner.

REVISION OF VOTERS' LIST.—We learn that in Arran the Conservative Voters' List has been reduced by some 50 votes. About 100 were appealed against and of these 50 were struck off as being wrongfully put on the list. This is a heavy blow to the Conservative cause in that township. The list will be concluded on the 13th inst.

The following lines accompanied a present of trout sent us last week by a subscriber. It is evident from them that one man, at least, has some idea of the monotonous drudgery of a printer's life:

OR AS I WALK ALONG THE CROWDED STREET
AND MEET OF VARIOUS OCCUPATIONS MEET.
ALL SEEMING TO HAVE NO TIME TO SPARE
FOR RECREATION IN THE OPEN AIR.
I THINK OF YOU, FROM MORNING TO NIGHT CONFINED,
HARASSED IN BODY AND PERPLEXED IN MIND,
COLLECTING ALL THE BEST AND LATEST NEWS,
WHICH MUST COME FORTH YOUR READERS IN AMOUNT,
FROM WEEK TO WEEK YOUR PAPERS YOU MUST ALL
EMBELLISHED BY YOUR EDITORIAL SKILL;
AND WHEN YOUR PAPER SEEMS TO BE COMPLETE
AMONG THE OTHERS YOU SOME FEW DO MEET,
AWARE OF THIS AND YOUR MONOTONOUS LIFE,
CORRECTING YOUR HIGHLIGHTS BOTH SMALL AND GREAT,
I GIVE YOU THESE TO SHOW THAT SOMETIMES I
DO SYMPATHIZE WITH YOU WHEN PASSING BY.

SPEAKING of the Horticultural Show the Times says: "The south side of the hall was devoted to Ladies Work. And here our descriptive powers fail—we never did know much about the mysteries of crochet, tatting, braiding and other fancy work the ladies delight in; but we could not help remarking what ingenuity they displayed and how pretty they looked, (the work we mean,) though it will apply to the ladies as well while the entries were more numerous than we have seen before."

Mornington, for \$3,500.

—Wm. Cameron has sold his farm, Lot 5, Con. 7, Grey, 100 acres, to Mr. T. Smith, of Grey, for \$4,100.

—Mr. Thos. Roe sold his farm, Lot 5, Con. 10, Grey, 100 acres, to Mr. John Livingston, of Durham County, Ont., for \$5,000.

NEW JEWELRY STORE.—C. R. Cooper & Co. purpose adding a stock of jewelry to their present line of business. They have secured the services of a first-class watchmaker and jeweler. See advertisement next week.

PERSONAL.—Mr. George A. Beer, who has for several weeks been rusticating in Orono and vicinity, has again returned to town, after having spent a very pleasant holiday.

Wroxeter.

FARM SOLD.—Mr. Robert Hamilton has sold his farm, Lot 8, Con. 12, Turnberry, containing 100 acres, to Mr. Taylor, of Wallace, for \$2,650.

CONSIGNMENT.—Messrs. Clark, of the flour mills, Wroxeter, have shipped to Toronto a hundred barrels of flour, by the Toronto, Grey and Bruce Railway. This is the first consignment of freight that has left this station. The contractor is prepared to accommodate our merchants and business men by delivering goods and taking away such produce as they may wish to ship. The village in general seems to be brightening up at the sound of the locomotive, as we observe several buildings going up in the village, and the stocks of fall goods our merchants have got in are quite unprecedented. Mr. Sanderson has enlarged his already roomy store, it being now about 80 feet deep, and filled with a stock of goods equal to any west of Toronto. The stock of glassware and crockery at the store of Moore & Co. is perfectly bewildering, and perhaps has never before been equalled in this village. But it may seem invidious to mention names, for, judging by the stocks our merchants are opening out, all seem to be doing a thriving business.

McKillop.

MILL STARTED.—Mr. Andrew Govenock commenced work in his new mill at Winthrop on Saturday last. The entire plant is new, and was furnished by the Goderich Foundry and Manufacturing Company, and works like a charm. We have every confidence that Mr. Govenock's enterprise in establishing a work so much needed will be duly appreciated and amply rewarded by the public.

A BIG LOAD.—A team belonging to Messrs. Thomas and John Thorp, of the Second Concession of Tuckersmith, drew from their barn to Fair's Mill in Clinton

FOR THE CHEAPEST Clothing in
Ontario, call on SMITH, CLARK & CO.

A supper in honor of Mr. T. A. Chisholm, station master, who was about to leave Owen Sound, took place at Jennings' Hotel, on a recent evening. The gathering was one of the largest that had ever taken place there. Mr. Chisholm, during his short stay in the place, endeared himself to all those who were brought in contact with him.

REMODELING.—The "Owen Sound Times" says:—"We have it on good authority that it is the intention of the Ontario Ministry, in their proposed remodeling of the constituencies, to give three members to Grey. The ridings, however, will differ from those for the Commons, by having Portion taken from the East and added to the South; Hol- land taken from the North and added to the East; and St. Vincent taken from the East and added to the North."

ELECTION EXPENSES.—From a Parliamentary Return on the third General Election for the House of Commons. We call the following, as they may be interesting at the present time: Expenses of late election in South Grey, \$702.40; do. in North Grey, \$584.51; do. in East Grey, \$980.67; do. in North Wellington, \$728.70; do. in Centre Wellington, \$721.90; do. in South Wellington, \$622.26. Total expenses in Ontario, \$46,819.14; do. in Quebec, \$28,228.56; do. in Nova Scotia, \$6,589.84; do. in New Brunswick, \$5,152.65; do. in Manitoba, \$3,795.82; British Columbia, \$3,773.30; do. in Prince Edward Island, \$1,382.76. Total, \$91,946.29. As the expenses for the election for the Local House will be about the same, it will be seen what they cost the country.

In the *Canadian Monthly*, current events have been ~~winning~~ up the idea of no partisanship. In this month's issue it advocates the entrance of M. G. Cameron, Q.C., into the present Ontario Administration, so as to prevent a party struggle at the next election. Grip illustrates the idea with a cartoon representing the marriage of Hon. Mr. Mowat and Mr. Cameron, the latter dressed as a lady, by Prof. Goldwin Smith, who holds in his hands an open prayer-book, the *Canadian Monthly*, edited by W. H. Howland, Esq., whose prayer-book is the *Nation*. The Hon. Mr. McKellar is groomsman and Rykert bridesmaid, while the Hon. Geo. Brown, *Globe* in hand, with a horrified look forbids the banns.—There is a good deal of sound philosophy underlying the apparent nonsense.

then he rapidly rose, and now occupies a proud place as a leading man. Whenever it again is necessary, I trust, he will be ready to stand a watchful defender of the interests of his religion which he has already so bravely and successfully championed.—*Ontario Tribune.*

The County Tax Sale takes place at Owen Sound on the 28th inst.

MR. McDONALD AND DR. BERGON
have been nominated for Cornwall.

The trial of Lepine for the murder of Scott at Fort Garry, is now going on.

PARTIES wishing to get their horses insured against all accidents, would do well to call upon H. H. Stovel, -

The vote on the Arthur village by-law, granting \$1000 for the purpose of a fire engine, will take place on Fr day next.

COUNTERFEIT 25 cent pieces are in circulation in Hamilton. They are well coined and silver plated. The plating soon wears off and they are then easily detected.

The Palmerston Presbyterian Church is nearly completed. Two other churches are being erected. Mr. Tiffin, Superintendent of the W. G. & B. Railway, is building a very fine residence.

New Mill for Listowel -- Mr. Shields, of the firm of Shields & Foster, lumbermen, propose erecting a large flouring mill in Listowel immediately, and have purchased the necessary grounds.

W. R. TERRY, Esq., Superintendent
of the W. G. & B. Division of the G.
W. R., being about soon to remove from
Fergus to Palmerston, the congregation
of St. James's Church, Fergus, at their
late Harvest Home, presented him with
a complimentary address.

The *Durham Chronicle* says:—Mr. Thos. O'Donnell, living on the Durham Road, Glenelg, has recently had four or five head of cattle die in a rather sudden manner. Mr. O'Donnell thinks they were poisoned by some person while he and his family were absent at church at Pictonville on Sunday ~~afternoon~~. We hope, for the credit of the community, that Mr. O'Donnell will yet discover that his cattle died from a natural or accidental cause.

TORONTO GREY AND BRUCE RAILWAY.
—The General Superintendent of the
Toronto Grey & Bruce Railway, has
given public notice that, as their rolling
stock will be taxed to its utmost capacity
by the opening of their line from Hur-
oneton to Teeswater, which adds about
thirty miles to their road, no produce,
wood or lumber from the townships of
Luther or Kast or West Guntersville can
be removed (no matter at what stations
offered) until after those townships
granting bonuses have been served.
